<b>Keep in Mind</b>	We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour. Because the barges run on a set schedule you will be required to get to the next docking point on time. We have planned the mileage each day so that this should not be a burden. Cabin space is limited so consider the size of your luggage. A 25 inch suitcase will fit under the bed. WiFi may be sporadic on board the barge.  For more questions about the Barge check out our <a href="#">Bike &amp; Boat FAQ</a>

#### Arrive Amsterdam

**Highlights** Amsterdam, bike fitting and test ride, welcome dinner

Welcome to the vibrant capital city of Holland, Amsterdam! We hope you arrived a few days early to visit some of the highlights of this colorful city — between its museums, canals, hip locales and lively night scene there is plenty to explore. Settle into our hotel where we'll have our safety meeting and bike fitting followed by our first spin on the bikes before a special dinner together.

#### Bicycling along the Hollandic Waterline

**Highlights** Forts of Muider slot and Weesp, town of Muiden, Bruekelen, dinner on board

Follow bike paths out of Amsterdam and head into the region of the Hollandic Waterline, a defense system born in the 17th Century where castles and military forts with integrated systems of flooding could be used to turn Holland into an island to keep out invaders. A century later the water froze creating a bridge for the French army to attack. This plan has left several imposing forts including Muider slot and Weesp which we'll cycle past today. Enjoy local farmland and beautiful canals flanked by charming villas. We'll pedal through Breukelen, the namesake of the New York City borough of Brooklyn. Later, we'll cruise toward our landing spot for the night and enjoy dinner on-board. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

Bicycle through town and check out the town hall's clock-tower bells before heading to Gouda, famous for its orange cheese. Enjoy a visit to the town's cheese museum, and pick-up some picnic supplies (cheese anyone?) to enjoy at your next stop: the UNESCO World Heritage Site of Kinderdijk. Here 19 majestic windmills are aligned to form a stunning sight. After exploring we'll keep pedaling south to rejoin our boat in Dordrecht. Enjoy dinner on-board and perhaps a leisurely walk in town to enjoy the center. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

### Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges Plus! Belgium's Breweries

#### Breakfast cruise and bicycle to Tholen

**Highlights** Willemstad, a do-it-yourself-moving-bridge; picnic lunch; Roosevelt heritage museum; Tholen; working windmill visit

Another breakfast cruise takes us to Willemstad, a strikingly star shaped fortified town on the shores where the Holland Diep river splits into multiple rivers as it rushes out to sea. Experience the do-it-yourself-moving-bridge before reaching the town of Oud Vossemeer, where the Roosevelt name was very present in the 17th and 18th centuries (and still is), leading many to theorize that the American Roosevelt family whose Dutch ancestor arrived in the US in 1650 was probably from this town. Next we'll pedal south to Tholen which was once an island in this giant estuary-like environment, but is now connected to the mainland. We'll enjoy a visit to a working windmill during our ride. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

#### Pedal and cruise into Antwerp, Belgium

**Highlights** Cruise into Antwerp; visit "Onze Lieve Vrouwe (Our Lady) Cathedral" home to several of Rubens' paintings

Set off on bikes for a delightful morning ride! We'll get back to the boat before lunch to cruise into Antwerp, enjoying a unique view of the port and harbor as our barge makes its way to the city of diamonds. We'll enjoy a guided visit of Flemish painter Peter Paul Rubens' art in the city's Cathedral. After which you can head off to visit the rest of the city, including the historic city center, the diamond district, or the Red Star Line Museum from where 2 million emigrants shipped off to North America between 1873 and 1934. Explore the city and enjoy dinner on your own this evening before returning to our boat for a restful night's sleep. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

#### Antwerp to Sint Amands

**Highlights** Schelde riverbank bike path; Sint Amands; Bosteels Brewery

We'll leave the city of Antwerp and return to the countryside cycling on small roads and along the Schelde river bike path. We've arranged a special visit of a 200 year-old brewery, family-run now by the 7th generation. We will continue pedaling along the tidal river until we reach the quaint town of Sint Amands. **Bicycle and Cruise into Ghent**

**Highlights** Bicycle beside stately villas; Ghent's rich historic center

This morning we will continue to cycle along the river before branching north through historic marshes. These marshes are where sheep production thrived due to the nutritious grasses. Subsequently, Ghent became one of the richest cities in the world during the Middle Ages because of its woolen industry. A bike path along the Schelde river brings us to our boat, which we'll board for lunch as it cruises closer to the city center. While we are docked in a suburb, we'll transfer into the historical center for a visit. This lively university city is still one of the prettiest cities in Belgium. Admire its traditional, tall Flemish buildings towering over the small streets and plazas. Enjoy dinner on your own in one of the many restaurants or cafés. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

We'll be moored in the city center, providing excellent access to Bruges's many treasures. Stroll along the canals that were once main arteries of the city and don't miss a visit to the medieval square and City Hall. This city is characterized by its fantastic architecture. Bruges is bustling with additional sites to see including the stepped gable houses, market square with the belfort, and historic neighborhoods such as the "Beguinage", a community of lay women from the 13th century to visit. Enjoy this fabulous city but be sure to save some energy to join us at Bruges's famous beer bar late this afternoon for sampling! We'll meet for a private guided tour of the De Halve Maan Brewery late this afternoon. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

The 16th Century St. Sixtus Abbey is not open to the public, but you can still enjoy the world's highest-ranking beers from the Abbey at de Vrede café across the street before continuing on to Poperinge, once famous for its textiles and now famous for its hops. Visit the hops museum before enjoying dinner in one of the many restaurants in town. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

**Loop to Ieper (Ypres in French) and Flanders Field Museum**

**Highlights** Ieper and Flanders Field Museum, chocolate tasting

A loop ride today takes us to some important WWI sites where more than half a million Allied and German soldiers died in three major battles between 1914 and 1917. Ypres was strategic to the German's planned invasion of France, and the Allied soldiers were able to put up effective resistance due to the topography: low lying hills parallel with the French Belgian border created natural "trenches" from which to fight. Visit the Flanders Field museum that starkly documents the war's impact, and admire the completely rebuilt town as it was razed to the ground in 1917 due to the artillery fighting. Back in town, enjoy a chocolate tasting before our final dinner together. In 2024, the May 4 departure is on the Fleur, and the July 12 departure is on the Fiep.

## BICYCLES

For a full list of what's included with your bike see: <https://ep-2023.localhost/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. If you would like us to provide you with a used helmet, please contact us.

## NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

## TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

## PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

## LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.
