

Bicycle Tours in Spain: Cycling the Camino de Santiago - Roncesvalles to Santiago

OVERVIEW

Selected by [National Geographic Traveler](#) magazine as one of "50 Tours of a Lifetime, this is truly an experience not to miss.

"A pilgrimage to Santiago de Compostela is the finest journey in Spain," wrote James Michener in his book *Iberia*. Join our bicycle tour across northern Spain and you too will discover the magic of the Camino de Santiago. Though we use paved roads instead of the traditional dirt path our tour follows the original guide for the Camino written by a monk in the 12th century. Along the way you'll explore Gothic cathedrals, visit medieval monasteries, pedal through one of Spain's premier wine growing regions - the Rioja - and encounter adventurous travelers from around the world. More than just a bicycle tour, this is an adventure of a lifetime.

If this sounds great but you don't have time for the full 15 days, check out our shorter [Cycling the Camino de Santiago - León to Santiago](#) tour.

Keep in Mind	We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour. Though we try and arrange dinners together as early as possible in Spain this means 8:00 to 8:30 p.m. There are times when we will divert from the traditional Camino route because it is gravel, or because we've chosen a more scenic way with less traffic.

Please Note: We may have small itinerary changes to this trip after you download this PDF document. If you have booked this trip and there are major changes, including changes to towns or activities, we'll email you directly. BICYCLES

For a full list of what's included with your bike see: <https://ep-2023.localhost/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. If you would like us to provide you with a used helmet, please contact us.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
