

Bicycle Tours in Austria: Bicycling the Danube Plus! Czech Republic and Prague

OVERVIEW

Pedal off the beaten track past gently rolling countryside, lakes, and through tiny towns as you bicycle from Passau, Germany through Austria and the Czech Republic ending in Prague. Every day is an opportunity to explore the colorful towns and impressive historical sites including a stop in the town of Melk to visit the Benedictine Melk Abbey, perched on a rocky outcrop overlooking the Danube river. You'll get a flavor for the local food and landscape while pedaling past vineyards (and stopping to taste some fantastic wine!), through forbidden forests along the Austrian/Czech border, and into late Renaissance towns unchanged since the 17th century. Gently rolling cycling, bicycle-friendly paths and roads in Germany, Austria and the Czech Republic make this region enormously popular for cyclists of all stripes.

Keep in Mind	<p>We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour.</p> <p>We use charming and modern hotels but A/C or fans may not always be available since they haven't been needed traditionally. Read more on the use of air conditioning in Europe here. Separated twin beds are rare in many places; instead there will be two mattresses together that sit on the same base.</p>

ARRIVAL INFO

Meeting time 2 p.m. - on Day 1, meet your fellow cyclists and Tour Leaders at the Day 1 Hotel specified on the itinerary.

Note:

As you are planning, remember that the hotels listed in our itineraries are our primary hotels and are - in rare cases - subject to change. Before you make arrangements, [check with us](#) if your tour departure is guaranteed. If your tour departure is out further than 6 months, please also check with us as there might be slight changes to the itinerary.

The below information will help you plan your arrival. For more tips or other routes, you might like [Rome2Rio](#). The fare and timing information listed below is approximate.

We recommend flying into the Munich Airport (MUC). You can also fly into the Frankfurt Airport (FRA).

If you arrive at Munich and continue to Passau

1. *Train from Munich Airport to Passau Hbf with one easy change in Landshut (2 hours/fares vary), no pre-booking necessary. See schedules and pricing [here](#).
2. Taxi (see point 2 under Frankfurt arrival below)

***Note:** For the above train trip, we suggest purchasing the Bayern Ticket, a regional day ticket as suggested in the link to Trainline linked under point 1 above. You can purchase it at one of the vending machines, at the desk from a person, or online. This ticket is also a great option for your train trip from Munich to Passau if you plan to stop over in Munich.

If you arrive at Frankfurt and continue to Passau

1. **Train from Frankfurt am Main Flughafen to Passau Hbf (4.5 hours/fares vary)
2. Taxi or from Passau central station to the Day 1 Hotel (3-5 min/EUR 8)

****Note:** Depart from the AIRail Terminal, next to Terminal 1. Frankfurt Airport is a very busy transportation hub and it is advisable to purchase train tickets with a seat reservation in advance. If you buy a flexible ticket in advance and miss your intended train, it still means that you will have to purchase a new seat reservation separately upon arrival. Purchasing your ticket and seat reservations upon arrival does offer the most flexibility. However, if trains are full, you will have to wait.

Look up German train schedules at [Bahn.de](#) or [Trainline.eu](#). Questions? See our information on taking trains in Europe [here](#) or [ask us](#).

DEPARTURE INFO

Your trip ends on the final day after a guided tour of Prague, around 12 noon back at the hotel.

The below information will help you plan your arrival. For more tips or other routes, you might like [Rome2Rio](#). The fare and timing information listed below is approximate.

We recommend flying out of Prague (PRG)

Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include the three most important aspects of a guided bike tour.

- Superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel.

PRE-TRIP SUPPORT

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://ep-2023.localhost/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing ExperiencePlus!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer Tours excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

BICYCLES

For a full list of what's included with your bike see: <https://ep-2023.localhost/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. If you would like us to provide you with a used helmet, please contact us.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
