### Salta loop ride and bike fitting

**Highlights** Salta, bike fitting, warm-up ride

We'll meet early this afternoon in Salta. After introductions we'll do a bike fitting, and take a short loop ride. Known to Argentines as "Salta la linda," or "Salta the beautiful" because of its delightful colonial architecture, pleasant weather and beautiful natural surroundings. We'll be back in Salta in a few days so on your first day we recommend you enjoy the town square and lively city. Dinner is together this evening.

### DAY 1

**Meals** Dinner

**Lodging**  Hotel Villa Vicuna

### Bicycle to San Salvador de Jujuy

**Highlights** Cycle through cloud forest, views of the Andes

Today we'll shuttle to the suburbs of Salta to cycle through a cloud forest to the outskirts of San Salvador de Jujuy, capital of the Jujuy Province. Today's ride highlights the contrasts of the area as you pedal in and out of a cloud forest with song birds, ferns and bromeliads before descending back into desert and cactus country. We'll have a picnic lunch at the border between the Salta and Jujuy provinces. San Salvador de Jujuy offers tremendous views of the Andes range which run the length of Argentina.

### Bicycle to Salina Grande

**Highlights** Cuesta de Lipan, Salina Grande

Today we shuttle 1h 15 minutes further north to Purmamarca, the town famous for its mountain of seven colors the "Cerro de Siete Colores." Today you have a ride up to the great salt flats above Purmamarca. Considered one of the most epic and scenic rides in the region you'll begin in Purmamarca at 2,325 meters (7625 feet), up the Cuesta Lipan to 4170 meters (13678 feet), downhill to the Salt Flats. The ride starts gently and offers stunning views from the first pedal stroke. The van will support the climb so if you decide to take a lift over the pass you can shuttle to the salt flats, or get back on your bike at the top and ride. There is nothing quite like the surreal feeling of walking in this immense basin of salt so we encourage everyone to give it a go! This afternoon we shuttle back to Purmamarca and our hotel.

**Highlights** Hike through the Cerro de Siete Colores

We have a rest day today on the bike. In the morning we will offer a 40 minute shuttle to Tilcara de Jujuy to visit the famous archeological site of Pucara de Tilcara. And in the afternoon we will journey further north to Purmamarca, the town famous for its mountain of seven colors the "Cerro de Siete Colores." Put on your walking shoes and join us for the 4 km gravel path around the colorful mountain, or extend your hike further into the hills. This small village is also a great place to wander and shop for souvenirs at the traditional market in the square. Potter, painter, and ballad singer Barbarita Cruz was instrumental in preserving traditional pottery methods by offering workshops for both adults and children. You'll also find woolen goods, musical instruments, and traditional food like empanadas, and dulce de leche in numerous forms. We recommend visits to the church and cemetery, the 600+ year old Algarrobo tree. We'll have dinner together this evening. Our hike today will be at least 4 km long (more for those who wish)

**Salta la Linda**

**Highlights** Guided walk of Salta

We shuttle back towards Salta today and then mid-morning jump on our bikes and pedal through the hills and back into town. Just before the descent into Salta we'll recommend a great place for lunch where you can relax and enjoy views of the city. We'll reconvene this afternoon for a guided walk of the city to learn about its pre-Columbian history.

**Dique Cabra Corral**

**Highlights** Lush green valleys and quiet countryside

Leave the city for the quiet countryside and green valleys south of Salta. As you ride today notice the whitewashed colonial farm houses amid fields of one of the finest types of tobacco in Argentina. Our destination is the lake resort area of Dique Cabra Corral and our hotel tonight has a beautifully situated pool!

**Highlights** Spectacular scenery, Quebrada de las Conchas, Cafayate

We start our day with a shuttle before embarking on what some people consider their "most beautiful ride ever." Decide for yourself as you pedal through the magical Quebrada de las Conchas, passing by geological formations eroded into forms such as the "Devil's Throat," the "Frog," the "Amphitheater," the "Monk," and more. Take your time through the canyon as the late afternoon light creates an explosion of colors over the last 30 km. Our destination is the colonial town of Cafayate, famous for its wines and a base for adventure travel in the area.

**Day off in Cafayate**

**Highlights** Hiking through canyons

Enjoy a relaxing morning exploring Cafayate. This afternoon we have a hike planned with a local guide to dive a little deeper into the rock formations and landscapes of Quebrada de Las Conchas. Dinner tonight is on your own and opportunities abound to sample local wines and specialties.

**Quilmes and Amaichá del Valle**

**Highlights** Wine country, famous ruins of Quilmes, Pachamama ("Mother Earth") museum complex

Our ride from Cafayate takes us by several of the vineyards that make this area's wine famous. We are riding along the valley toward the most famous ruins in Argentina - Quilmes. The indigenous community here resisted the Inca invasion first and the Spanish occupation for 130 years until 1667 when the Spaniards forced the population to march toward Buenos Aires. Hundreds died along the way, and the town of Quilmes fell into ruin. Wander through the partially restored ruins for a stunning view of the entire valley and visit the museum. Ride by Amaichá, famous for its museum complex dedicated to Mother Earth. The museum's buildings, statues and exterior features are all made from stone and were all the work of one man, Hector

The climb takes you through a desert environment with cactus covered mountains to the summit - Spanish conquistador's used this pass to enter Argentina as they traveled East from Peru. ## BICYCLES

For a full list of what's included with your bike see: <https://ep-2023.localhost/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. If you would like us to provide you with a used helmet, please contact us.

## NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

## TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

## PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

### LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.
